I have been with Max Family Health since they opened! I believe that's about 20 years. My experiences have always been positive. --D. Wallace

I've been coming here for over a year and it has always been a pleasant experience! They are very helpful, I love that you can text in to schedule appointments or ask questions. I also love that they do labs and X-rays in house as well. I see Dr. Harrell but have seen some of the PAs as well and haven't had any issues! I've even got my mother in law and one of my closest friends going there now.

I will say here that my experience with Max Health is ALWAYS positive! I go to the Colleyville tx location and absolutely love it! The staff and physicians are top notch! There's never any waiting passed my appointment time! My husband and I have always had the very best of care! Dr. Wingard is amazing! I highly recommend! --W. Steinfels

I had an initial visit with PA Madeline Wingard regarding hormone replacement therapy on 2/27/2024. She was extremely knowledgable, thorough, and patient. I also want to note that Victoria and all other office staff are extremely helpful and friendly, promptly texting me back the answers to many of my questions.
