Employee of the Month

Morgan Best is MaxHealth's May Employee of the Month! Morgan has been with MaxHealth for 10 months and has worked mostly alongside Dr. Harrell. However, she is versatile, willing to learn new things & fill in as needed. Morgan, you are so valuable to us! Congratulations! Her peers have this to say:

-  She has been taking on several roles in the office & she is always willing to learn. Morgan shows that she cares for her patients & always wants what's best for them.
-  She is always open to help with portal and Doctible messages without having to ask.
-  Morgan goes above & beyond for every patient & is willing to help out any provider or staff member that needs help. She has also stepped in to train the new MA.
-  She is always willing to help in every area & is dependable.
-  Morgan always goes the extra mile, She is on time & ready to work everyday. She & Dr. Harrell always have a full schedule & the patients love her. I feel like Morgan deserves some recognition.

Morgan B.

So you want to schedule an appointment and do not care when, then when I offer certain dates and times, the times do not work for you and you get upset because I cannot read your mind.

So, you are still in pain and don't have a ride for an appointment but you want a refill on percocet and can come pick up the script now?

PATIENT FEEDBACK

Amazing experience! Loved the hours and open Saturdays mornings was perfect for me. They were all practicing social distancing and made sure I had everything I needed to feel safe and comfortable. -M. Forrest

MaxHealth has taken all precautions necessary to make each patient feel comfortable when coming in for a visit. All personnel are professional & friendly showing compassion & truly care about your well being.

I only came in on Friday for a flu shot and it was perfectly handled. Very little wait, a very competent and friendly nurse, the shot and out of there!

First time in a long time needing to be seen for anything. But the process to get an appt was easy and the appt itself went well. I feel confident that Dr. Harrell will get to the bottom of my problem and LeaAnn was a very attentive nurse and explain all the samples to me. -MRS

PA-C Madeline is a godsend and truly listens to patients and supports their decisions and goals. She is so patient, kind, and a true advocate for patients. It's not just a doctors office visit; it's a check in and a wonderful conversation too. -E. Hahne

Staff are always friendly and helpful. They get you in for your appointment quickly and the doctor takes the time to answer any questions or concerns you may have. -J. Phillips

From start to finish MaxHealth makes check ups and appointments easy. They always get me in quickly, I don't have to fill out forms over and over and they are friendly. I would also like to say their P.A. Madeline Wingard is full of knowledge and experience and takes her time to address any questions or concerns I have. -H. Buesing

I have been a patient at MaxHealth for over a decade. I now live over an hour away but I still visit MaxHealth over any other provider. I am thankful for such a reliable and caring team.

I only had lab work. The phlebotomist was awesome, very professional, very friendly, and very capable!!!! -C. Dixon

Excellent.. nurse's practitioner Jennifer & staff were amazing. got an appointment the same day. Definitely recommend them Thank you . -M. Parry

Very friendly, caring and informative.. Been going to max health for years. Oh and the staff and Drs. are always very pretty.. Lol -J. Vasquez
